Poinsett 76	Tendergreen

## HEAD LETTUCE

Bibb	Great Lakes
Buttercrunch	Iceberg

An heirloom plant is one that was commonly grown during earlier periods in human history, but is not used in large-scale agriculture.

Some gardeners choose heirloom plants due to an interest in traditional organic gardening. Some grow heirlooms for historical interest. Most simply want to taste the many varieties of vegetables. The seeds from these plants will reproduce.

## CRESS Upland

## FLOWERS

Baby's Breath	Shasta Daisy
Bachelor Button	Black Eyed Susan
Chinese Forget Me Not	
Four O'Clock Choice Mix	
Marigold Sparky Mix	
Marigold, Cracker Jack Mix
